Patient Segment Questions	Check	Claim Billing/Claim Re-bill If Situational, Payer Situation
This Segment is always sent	X	
This Segment is situational		The Patient Segment is situational for a Claim Billing or Encounter request. It is used when a receiver needs some of the patient demographic information to perform eligibility and claim/encounter determination. The Patient Segment must be submitted when needed to differentiate between the patient and the cardholder. If the cardholder and the patient are the same, then the Patient Segment is not submitted unless additional information about the patient is needed to clarify the claim/encounter determination. The Segment is mandatory if required under provider payer contract or mandatory on claims where this information is necessary for adjudication of the claim.
